

# ANNOUNCEMENT

Joan Smith named Senior Vice President,  
Value Based Care

I am delighted to announce the promotion of Company X senior leader, Joan Smith, effective January 4, 2024.

For the past four years, Joan has served as Vice President, Data and Analytics. Joan leads a large, geographically diverse team that supports the predictive health analytics needs of practices nationwide. She is passionate about equipping physicians with the data and analytics they need to drive positive health outcomes for patients.

Joan is often recognized for her positive attitude and patient-centered approach to care. Her dedication to our mission and drive for results allows us to better care for patients every day.

Please join me in congratulating Joan on her promotion and wishing her continued success.

**With gratitude,  
Rebecca Lane  
Chief Executive Officer**
